

## PRESIDENT ORDERS TROOPS IN READINESS

### WILL PROTECT M. K. & T. PROPERTY AT DENISON TEXAS FROM STRIKERS

Major General Hines Was Told to Prepare Sufficient Troops for This Purpose—Governor of Texas Has So Far Made No Reply to Appeals of Receiver for Assistance

(By The Associated Press)  
WASHINGTON, July 13.—President Harding took the first step today toward backing up with the military arms of the government his proclamation warning striking railway shopmen against interference with the transportation of interstate commerce and the mails.

Instructions were sent at the direction of the president to Major General John L. Hines, commanding the eighth army corps area at San Antonio, Texas, to prepare a sufficient force of troops to give adequate protection to the lines of the Missouri, Kansas & Texas railroad which have been attacked by striking shopmen, particularly at Denison, Texas.

Coincident with these instructions there went from the war department to C. E. Shaff of St. Louis, receiver appointed by a United States court for the Missouri, Kansas & Texas, the advice that he again call on the governor of Texas for protection for the railroad properties, he having reported that previous appeals to the state executive had been unheeded.

### REPUBLICANS IN SPLIT IN SENATE ON TARIFF BILL

### Reject Ten Amendments on Cotton Schedule

WASHINGTON, July 13.—The first real split in Republican senate ranks over the administration tariff bill came today during consideration of the cotton schedule with a result that 16 committee amendments proposing increased rates on various kinds of yarns and on silver and roving were rejected as fast as they were reached.

The majority opposition was led by Senator Lenroot of Wisconsin, and reached its maximum strength on the first roll call, twelve Republicans opposing the committee rate on a roll call by which the amendment was rejected, 32 to 24.

The Republicans were Borah, Capper, Cummins, Jones of Washington; Lenroot, McCormick, Nelson, New Norbeck, Sterling, Townsend and Willis. The lowest Republican vote against any of the amendments was nine, with the average running at ten. With a single exception on each roll call, the Democrats voted solidly against the proposed increases.

Several members of the Republican agricultural tariff bloc joined today in the opposition to the committee increases in the cotton rate, but a majority of the bloc, which was instrumental in obtaining duties for farm products approved by the senate, voted to sustain the committee.

Opening the fight against the committee rates Senator Lenroot argued against increases in rates on yarns and on cloth not coming into competition with American produced yarns and cloth. He declared that on the cheaper grades the United States was shipping to all the world.

Senator Smoot, of Utah, on behalf of the committee majority, declared the increases to be necessary to protect the industry, particularly that in he east, which he explained, was producing high grade cotton cloth almost exclusively, the cheaper grades being turned out in southern mills. He said high grade cloth came from England in large quantities.

### LIBERTY BELL WILL NOT COME TO CHICAGO

(By The Associated Press)  
PHILADELPHIA, July 13.—Mayor Moore, today vetoed the proposal of the council to send the Liberty bell to Chicago for the pageant of progress.

The council tabled the mayor's message explaining his reasons for the veto, signifying its acquiescence in the action and no attempt was made to pass the ordinance over the veto.

### RADICAL RETREAT BY SOVIETS ONLY CAN SAVE THE DAY

### Conference Near End Unless Delegates Recede

(By The Associated Press)  
THE HAGUE, July 13.—Only a radical retreat by the soviet delegates from the stand they have taken on confiscated property can prevent the official dissolution of the conference. Following upon the action of the non-Russian sub-committee on private property informally deciding that no useful purpose could be served in continuing the meetings with the Russians, the members of the credits commission agreed this afternoon to inform the Russians tomorrow that as the property negotiations had failed there was no reason for continuing the discussions on credits.

Thus another step toward a definite rupture has been taken. A joint meeting on credits has been fixed for tomorrow morning.

The Hague is thick with rumors tonight that the Russians have received instructions from Moscow admitting of the resumption of discussions. M. Krassin declined to comment on this or similar reports, including one that at tomorrow's meeting the Russians would submit a conciliatory statement which might serve as a basis for renewed negotiations.

The present plan of the European experts is to call a meeting of the full non-Russian commission Monday and have the meeting adjourn until next Wednesday for approval of the reports of the three sub-commissions which are now being prepared.

One of the Russian delegates said, M. Litvinoff had asked President Patyn to arrange for passports for the departure of the Russian delegates.

The same spokesman strongly attacked what he termed the brusque attitude of the non-Russian delegates in making further negotiations impossible, adding that they at least had expected more ceremony in ending the conference.

"We have acted like business men," he declared. "We said we would talk about compensation for property when Russia was in a financial position to give compensation. Our aim first will be to make a general agreement with England."

It is reported that the opinion prevails among the Italians and Swiss that the property negotiations were terminated too suddenly.

M. Patyn gave a dinner tonight to the chiefs of the delegations. M. Litvinoff attended. One of the guests remarked subsequently that there was "one chance in a million" that the conference would be resumed.

### TRACE PEORIA MAN TO CHICAGO HOTEL

CHICAGO, July 13.—William Day, 75 year old Peoria merchant for whom a search has been made since last Saturday, when he disappeared from a Winnetka health resort, was traced to a Chicago hotel by detectives today, they announced. He was at the hotel last night, detectives said, but while his bill was being paid, he entered a tariffed cab and drove away.

Relatives here said he frequently came to Chicago for long periods and expressed the opinion that this fact accounted for his disappearance here yesterday.

The director of the health resort where Mr. Day had been resting said he had mentioned a trip to Colorado.

### FRENCH BEGIN DEBT NEGOTIATIONS WITH U. S.

Washington, July 13.—Preliminary negotiations for the funding of the French war debt of \$3,500,000,000 to the United States were begun today at the treasury by Secretary Mellon, chairman of the world war debt funding commission, and Jean V. Parmentier, director of finance of the French treasury. This was the first direct contact between this country and the allies on the subject of the war debts, which aggregate \$11,000,000,000.

The meeting was confined to a general discussion of the financial condition of France. M. Parmentier was informed that the commission desired statements as to the French budget for the present, past and future years, the volume of exports and imports and general trend of her foreign and general trade. When the French statements are available M. Parmentier is to meet with the full debt commission.

### BRIEFS

(By The Associated Press)  
MARION, Ind., July 13.—Major George W. Steele, 83, Civil war veteran, 16 years in congress and later governor of the national military home here, died last night.

LOS ANGELES, July 13.—Gloria Swanson, film actress will appear in court here tomorrow to answer charges made against her and her mother of undue influence in connection with the will of the late Matthey P. Burns, step father of the actress, it was announced here today by her attorney.

The case revolves around application by Mrs. Burns, Gloria's mother, to probate the will of her late husband, who was a shoe merchant here, and the contest against this by his relatives.

DANVILLE, Ill., July 13.—Eighteen employees of the Chicago and Eastern Illinois railroad power house went out on a sympathetic strike this afternoon. The plant furnishes power for the shops here, and unless other men can be employed, threatens to close the shops.

WASHINGTON, July 13.—Counter claims between the British ministry of shipping and the United States shipping board resulting from war time shipping transactions between the two nations have been settled with payment to the shipping board of \$12,000,000 by the British. Chairman Lasker announced today.

QUINCY, Ill., July 13.—Embarking on the matrimonial sea for his eighth voyage, Daniel M. White of Herman, Ill., was married here today to Mrs. Mary Bowen, of Clayton, Ill., who makes her second venture. Six of Mr. White's wives he has outlived and the seventh was estranged. The bridegroom is 87 and his bride has seen 84 summers come and go.

BELLEVIEW, Ill., July 13.—The home of Gottfried Leuge, a coal miner, was raided here by Sheriff Martin Schipper, and a still and a large quantity of home made whiskey and beer were confiscated. Leuge was attending the funeral of John Rinkberg, who was shot and killed on Monday by prohibition agents, during a raid on his home. Leuge was arrested when he returned from the funeral.

### CIVIL WAR MISS CARRIED HANDBAG FOR HER CLOTHES

Flapper of Today Requires 20 Trunks and Boxes Besides

(By The Associated Press)  
CHICAGO, July 13.—The Civil war miss wore a dozen petticoats but when she went travelling all she took was a single carpet bag or trunk, while Miss 1922 who wears three pieces of clothing and a pair of shoes needs 20 trunks and half a dozen boxes besides.

This was the complaint of W. M. Davis, of Cincinnati, in a speech today before the American Transfer Men's association. Mr. Davis, with 61 years of transfer experience to his credit, ranging from the old fashioned coach and omnibus of Civil War days to the automobile, claimed expert knowledge of the passing whims of travelers.

With the multiplicity of baggage, he declared, have come improved methods in handling it, so that neither the flapper, nor her mother experiences the slightest annoyance. While in the age of the hoop skirt and bustle, he added, it was necessary to identify trunks in person and check them as well. The modern girl may check her trunks through to their destination without leaving her hotel.

### SENTECES OWNER TO SLEEP IN HORSES' STALL

Halden, Mass., July 13.—A sentence to spend two nights in his horse's stall, meanwhile turning the animal out to pasture, was imposed upon Raymond W. Putman, of Wakefield, in district court today.

Putman was charged with having failed to provide proper food and shelter for his horse, Judge Riley said if the horse showed improvement at the end of two weeks he would not set any further penalty.

### DEFINITE ACTION IN STRIKE DEFERRED

St. Paul, Minn., July 13.—Definite action to terminate the strike of railroad shopmen in the northwest was deferred today at a conference of strike leaders with executives of the railroads centering in Minnesota and St. Paul, when confidence was expressed that the strike would be settled on a national basis within a few days.

### STRIKING SHOPMEN AT BLOOMINGTON GET THEIR CHECKS

Men Surrender Pass and Key to Locker and Receive Money

(By The Associated Press)  
BLOOMINGTON, July 13.—Situation along the Chicago and Alton was quiet tonight. No controversies were reported with the strikers and with the exception of the period when strikers assembled for their final pay checks, employees are remaining away from the shops and yards. Payday passed without incident, every man surrendering his annual pass and locker key and receiving his pay check in return.

Deputy United States marshals posted restraining order notices granted by the federal court and also served these writs upon 50 employees and officers of the shop crafts.

Seven freight trains were operated out of Bloomington during the day and about as many will get out tonight. An increase in the number of freight trains is reported. Passenger trains are running late due to power trouble but additional strike breakers are being brought in daily and the company hopes to build up a new shop organization to take care of the power, thus remedying this condition in the near future.

### FINAL RESPONSES EXPECTED FROM MINERS MONDAY

Formal Answer Will be Framed by General Policy Committee

(By The Associated Press)  
WASHINGTON, July 13.—While all government action bearing upon the coal strike situation remained in suspension today and will continue so, according to official expectation until Monday, when final responses from the bituminous industry to President Harding's plan of arbitration are to be made, efforts to obtain modification or interpretation of the arbitration offer itself were continued by operators and miners' union representatives. A committee of bituminous employers from various sections discussed phases of what the operators consider obstacles to their acceptance of the president's peace plan.

Likewise a considerable flow of communications bearing upon the arbitration offer went directly to the White House.

The mine workers' formal answer to the president's proposal will be framed by the general policy committee of the union, called by John L. Lewis, its president, to meet Saturday. The union dissatisfaction with the offer rests chiefly upon doubt as to whether the prospective arbitration award can be made to apply to all the mines and workers which they claim as unionized with some from non-union mines of land in Florida, which is part of her \$30,000 estate, had applied for letters of administration in Florida, which was Mrs. Ridgely's legal residence at the time of her death. This action would take the matter out of the hands of the probate court unless it is shown that Mrs. Ridgely had real estate in Cook county at the time of her death.

### PLENTY OF CREDITORS FOR RIDGELY ESTATE

(By The Associated Press)  
CHICAGO, July 13.—Creditors whose claims totaled more than \$110,000 appeared today at the hearings in probate court in connection with the estate of Mrs. Ora Belle Ridgely, of Assumption, Ill., who died recently at Hot Springs, Ark.

Judge Horner issued a citation for the appearance of James A. Steel, said to have moved to Pennsylvania, to appear before him next Saturday. Steel was said to have sent word to the court that he had a missing will of the dead woman and the judge declared that if he did not make good the statement he would compel him to answer to contempt charges.

The court was informed C. A. Rice, who sold Mrs. Ridgely 300 acres of land in Florida, which is part of her \$30,000 estate, had applied for letters of administration in Florida, which was Mrs. Ridgely's legal residence at the time of her death. This action would take the matter out of the hands of the probate court unless it is shown that Mrs. Ridgely had real estate in Cook county at the time of her death.

### GRAB SHIPMENT OF LIQUOR IN TRUNKS

St. Louis, July 13.—Transportation of whiskey from Detroit to St. Louis in three trunks was revealed today following the arrest of a baggage handler, who is said to have admitted stealing two of the trunks. The smuggling has been going on for some time, it was said.

### POSTPONE ACTION ON FORD'S MUSCLE SHOALS PROPOSAL

### Committee Defers Action Until Next Saturday

(By The Associated Press)  
WASHINGTON, July 13.—After a stormy session, the senate agricultural committee decided tonight to postpone action on the Ford and other offers for development of the government properties at Muscle Shoals, Ala., until next Saturday.

It was understood that that of the offers before the committee either that proposed by Henry Ford, or by Senator Norris of Nebraska, committee chairman would be reported out. The committee's principal on those two offers, a wide division being apparent within the committee.

Thirteen of the 16 committee members attended the session. Unofficial reports, made following the committee meeting, represented the committee as being five against favorable report of the Ford offer and eight in favor.

Representatives of Henry Ford the Alabama Power company and of Frederick E. Engstrom were before the committee's executive meeting and remained closeted with the committee men for about an hour.

J. W. Worthington presented a telegram from W. B. Mayo, chief engineer of the Ford motor company. "Mr. Ford's position with reference to making modifications," the message said, "is clearly outlined in his letter to Mr. Julius Kahn."

Have Waited Patiently  
It has now been over a year since our offer was submitted to the secretary of war. We have waited patiently for definite congressional action. We earnestly request that the Muscle Shoals project be disposed of at this session of congress."

Thomas W. Martin, president of the Alabama Power company, it was learned, made it clear to the committee that the appropriation of \$7,500,000 authorized by congress for new construction work on the Wilson dam did not affect the offer made by the power company for development of the power project at Muscle Shoals. In the event the authorized fund was expended, Mr. Martin explained, the power company's proposal could easily be adjusted and allowances made for the differences in the stage of completion of the Wilson dam between the time was originally made and the present, or in the future.

Marion Butler presented a modification to the offer of Frederick Engstrom, the effect of which, it was said, would keep the cost to the government of construction of the Wilson dam and operation of the nitrate plant within a total of \$2,000,000 a guaranteed payment of interest to the government at the rate of four per cent annually on what ever expenditure might be made in bringing dam Number 2 to completion and putting the nitrate plants in operation.

### BURLINGTON PENSIONS ITS OLD EMPLOYEES

Chicago, July 13.—Forty-four employees, mostly shopmen, nine of whom have been in continuous service of the company for more than 50 years, 21 more than 40 years and 16 from 22 to 40 years, have been pensioned by the Chicago, Burlington & Quincy railroad, it was announced today.

### STATEMENT IS ISSUED BY JEWELL REPLYING TO RAIL EXECUTIVES

Says That the Strike Will Not be Called Off or Men Ordered Back to Work Until Justice Has Been Secured—No Chance, He Says, to Destroy Employes' Organizations

(By The Associated Press)  
CHICAGO, July 13.—The railway shopmen's strike will not be called off and the men will not be ordered back to work "until justice has been secured," B. M. Jewell, head of the railway employes' department of the American Federation of Labor said tonight in a statement replying to the rail executives' ultimatum of yesterday.

The rail executives suggested that the strike be called off and the men return to work after which differences might be taken up before the railroad labor board.

Mr. Jewell, in tonight's statement, intimated that the reason the executives refused to meet shop crafts officers in an effort to mediate the strike as had been suggested, was that the railways hope to destroy the employes' organizations.

If such is the case, the statement said, the railroads are "due to receive a sudden awakening; the American public should charge them with the responsibility."

At the labor board it was announced that an effort might be made along new lines to settle the strike but details were not given. After rail executives had refused to meet shop crafts representatives yesterday, board members announced that the executives who refused to confer did not speak for the individual railroads and intimated a new plan of settlement might be based on this fact. It had been suggested in railroad circles today that the railroads of the north-west apparently were anxious to settle and that new peace plans might be directed at this session.

The shop crafts representatives replied today to President Harding's proclamation which declared that the strike must be settled thru authorized agencies, by placing the blame for the strike on the railroads and asserting that carriers had violated many decisions of the labor board.

Other events included orders from the war department to have troops in readiness to protect the Missouri, Kansas and Texas lines in the hands of a receiver appointed by the United States court, announcement by Postmaster General Work that 50,000 motor vehicles can be used to transport the mails if rails service fails and the issuing of restraining orders to the St. Louis San Francisco railway at Fort Smith, Ark., and the Chicago and Eastern Illinois and Toledo, St. Louis and Western railroads at East St. Louis.

Mr. Jewell's statement in reply to the executive's ultimatum said: "The letter attributed to the four railway executives, addressed to Mr. Hooper must be amusing to those who understand the situation. Again we see the feeble attempt of the big institutions of our country to wrap around themselves the stars and stripes and to attempt to lead someone to believe that they are not responsible for the situation—that the law abiding God-fearing American citizens, who are not standing for justice and against the oppression of financial management and directors of railroads are fighting their government."

"The American public knows that the railway shop crafts are not fighting their government."

"Let it be said now and for all time, that the strike will not be called off and the men will not be ordered back to work until justice is secured and the railroad managements can if they wish to settle this strike."

"It must be apparent to the thinking American public that there is some force directing the policy of the railroads, which for their own selfish interests do not want a settlement, but are demanding a continuance of the strike."

Local authorities are concerned over what may take place tomorrow in case the railroad officials continue to work which they say they intend to do. The men worked along the company's right of way today within several feet of the depot.

### OFFER \$10,000 REWARD FOR PEORIA ROBBERS

Peoria, Ill., July 13.—Use of bloodhounds and posting of \$10,000 reward were developments today in the hunt for the four masked robbers who late last night clubbed to death Miss Sue Harris, 61, at her home near Mackinaw, and so frightened a sister, who was ill, that she may die.

Believing tales that the two sisters had hidden treasure in their home, the robbers forced their way into the home and beat the aged woman when she attempted to resist.

### OFFICIALS OF R.R. WARNED TO CEASE WORK BY MINERS

### Were Engaged in Repairing Engines and Loading Coal

(By The Associated Press)  
ALBIA, Ia., July 13.—Striking coal miners here, in sympathy with the strike of railroad shop employees, today demanded that three Minneapolis and St. Louis railroad officials stop the work they were doing on the company's right of way in efforts to keep the trains operating. The officials, L. C. Miller, assistant engineer, J. C. Converse, assistant mechanical engineer and A. Walborn, general accountant, all of Minneapolis, refused to comply with the requests and it is believed that the only thing that prevented violence was the presence of Sheriff Dearing and several deputies.

The Minneapolis and St. Louis officials arrived here early this morning and started to work. While the road does not maintain a shop here, the men engaged themselves in making necessary repairs to engines, loading coal in the locomotives tenders and taking cinders from the fire pits. Shortly before noon a band of sixty striking union miners approached the officials and after considerable talk demanded that they quit work by 3 o'clock. The men continued to work. Shortly after 3 o'clock the striking coal miners returned, their number having been increased to nearly 100. Sheriff Dearing warned the men that violence would not be permitted, and the miners contented themselves with yelling uncomplimentary remarks at the railroad officials.

The officials explained to the miners who appeared to be leaders of the mob, that they were not strike breakers. They pointed out that their only purpose in being in Albia was to do necessary work about the road's engines to keep them in running order.

GRABLE HAS HARD TIME KEEPING HIS MEN AT THEIR WORK

Head of Maintenance of Way Employees Passes Thru Chicago

(By The Associated Press)

CHICAGO, July 13.—E. F. Grable, president of the United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers, arrived in Chicago from Kansas City tonight and held a midnight conference with B. M. Jewell, head of the striking shopmen.

Mr. Grable said he had been in conference with the chairman of his organization at Kansas City, that he had merely stopped in Chicago on his way back to his headquarters at Detroit that he had no grievances at the present time to take up with railroad labor board and that his call on Mr. Jewell was purely social.

In commenting on a statement made by T. C. Carroll, president of the general chairmen's association of the track workers that a majority of the general chairmen of the brotherhood favored a walkout of the 400,000 maintenance men, Mr. Grable said he was having a hard time keeping his men at work.

Mr. Grable added that the general chairmen had no power to actually call a strike; all they could do would be to recommend such action, he said.

CHARGE CORPORATION FUNDS MISMANAGED

(By The Associated Press)

CHICAGO, July 13.—Charges of mismanagement of corporate funds, which, it is alleged, threatened bankruptcy to the entire chain of 25 moving picture theaters operated by Ascher brothers, incorporated, are contained in an affidavit seeking a receivership filed in the supreme court today by Eugene A. Katz against the Cosmopolitan Securities company and Harry, Max and Nathan Ascher, co-partners in the theater enterprise.

The affairs of the brothers, Katz affirmed, have become "so complicated and involved that if the moving picture business continues for the next several months as it has in recent months the corporation will become bankrupt."

A ruling on the petition and affidavit will be made by the court on July 20, it was indicated.

Champaign, Ill., July 13.—Professor A. J. Harno has been appointed dean of the college of law at the University of Illinois. He has been at the university a year, coming from the University of Kansas last September. Professor Harno has cancelled an appointment to teach at Yale this summer. He succeeds Dean Henry C. Jones who recently resigned to accept a similar position at the University of Iowa.

GILLENWATER TO MANAGER DANVILLE

DANVILLE, Ill., July 13.—Roy Gillenwater, who has been a member of the local club all this season, and who formerly was a member of the Giants, was appointed manager of the local Three Eye League Club following a long conference here tonight. He succeeds "Iron Man" McGinnity who was released following the loss of many games during the past five weeks.

BERTON BRALEY'S DAILY POEM

WHAT OF IT?

By Berton Braley

A YEAR ago today I had my troubles,  
A year ago today I had my woes,  
I was worrying about something I must do without,  
Or some other little thing, I suppose;  
I was fretting over something most important,  
Which I cannot for the life of me recall—  
Oh, that trouble that I had was unquestionably sad,  
Though I somehow can't remember it at all.

A YEAR ago today I suffered greatly,  
A year ago today my heart was sore,  
I was wounded, I was hurt—there was someone "did me dirt,"  
Though I don't recall who did it, any more;  
For it may have been an enemy or comrade,  
Or a woman—I have totally forgot;  
I can't tell you who it was, I can't recollect the cause;  
It was all about—I don't remember what!

A YEAR ago today my face was tragic,  
A year ago today my life was wrecked,  
But exactly how or why I can't tell you if I try,  
Though I do my very best to recollect.  
So the troubles that at present are annoying  
Really needn't make my hair so very gray,  
For I'm pretty sure to find that they've wholly slipped my mind  
When today is just "a year ago today!"

Chautauquas

The Tents of the Conservative

Allen D. Albert, with whom many Jacksonville people are acquainted, an authority, upon community problems and an experienced lecturer and observer, discusses the Chautauqua in this month's Scribner's.

After describing a Chautauqua audience as a tent full of respectability, the respectability of a typical American farming community, he calls attention to the fact that a tenth of our people gather in such audiences every summer, that the audiences represent more than a fifth of our total population, and this fifth, away from the cities, unmoved by swirls of opinion that do not grow into mighty winds, is the American home guard.

The very foundation of the home guard, which musters under chautauqua tents, is the most old-fashioned conservatism and morality. It is America's counterweight to the growing volume of radicalism. In its chairs and on its platforms prevails not only the most conservative but the most conventionally moral influence of our national life.

The Chautauqua is above the human yieldings that make a good, bitter, scandal-ridden church row. Its foot never slips. Its character is so fixed that it allows almost every newcomer freedom to do or say anything that pleases him. However, any Chautauqua speaker imperils his service in any cause who gives any unnecessary attention whatsoever to card-playing, dancing, sex, non-Christians, religion or any theory of any philosophy that threatens the security of property.

While conservatism is the very key to the influence of the Chautauqua and the natural product of the heart and soul of Chautauqua supporters, this does not mean that the home guard musters in the Chautauqua tent only the out-of-date or uninformed. Far from it. Good magazines and newspapers, good schools, travel, the automobile and the Chautauqua itself have taught too successfully for that. Under every Chautauqua tent are found studious, progressive, well-informed, altruistic men and women, and they are our American reserves of conservatism.

In music they love the old songs and the popular classics. The favorite music as reported by one of the best Chautauqua musical companies included only such numbers. What a superiority to jazz. Jazz is passing from the cities, but according to the calendar should be rising to its height in rural communities, yet several Chautauqua companies made their way thru last season's Chautauquas without a single note of jazz, in these United States of America, in 1922.

Chautauqua audiences are strongly partisan in their political affiliations, revere Roosevelt

PAINFUL ACCIDENT

Yesterday morning as Robert Hembrough of Ashbury neighborhood, was harnessing a mule he touched a tender spot on the animal's shoulder and received a severe kick in his stomach. ## CONCERT AND SOCIAL GIVEN AT WOODSON

Unity Workers and Woodson Band Give Concert and Social on School Lawn Thursday Evening as Joint Benefit

A large crowd was in attendance at the concert and social given Thursday evening on the school lawn. The Unity Workers of the Presbyterian church and the Woodson band have arranged a series of such events for the summer months, the proceeds of which will be divided between the two organizations.

A splendid program of band music was furnished during the evening and ice cream and hamburgers were sold in large quantities, with the result that quite a goodly sum was realized.

The president of the Unity Workers, Mrs. John Hoagland, was chairman of the arrangements and she was assisted by the following: Mrs. Hugh Vorhees, Mrs. Jack Leach, Mrs. James Devore and Mrs. Thomas Butler.

## DANCE IS PLANNED AS HOSPITAL BENEFIT

Jacksonville Automotive Association to Give Dance Next Tuesday Evening for Passavant Hospital Fund.

The Jacksonville Automotive Association has arranged for a platform dance to be given on the grounds of Jacksonville State hospital next Tuesday evening for the benefit of the Passavant hospital fund. The automotive men made a great success of the dance given last Tuesday evening for Our Saviour's hospital and so decided upon a second event.

Mrs. E. W. Brown will be chairman of the refreshment committee and Mrs. E. L. Hill will head the committee on decorations. Mr. and Mrs. O. Spaulding and Charles M. Strawn will again be the platform managers. The Darley-Brown serenaders will furnish the music. The arrangements thus far made make it certain that another social event of great interest is to occur.

Other committees to serve will be announced at a later time.

## KIWANIS HEARD REPORTS ON BIG CONVENTION

Dr. Thomas Smith and Lloyd S. Reid made reports of the International Kiwanis convention at Toronto Thursday at the weekly luncheon of the Kiwanis club. Both of these Jacksonville men are greatly enthused about the convention proper and the preparations made for the entertainment of delegates by the people of Toronto. The decorations were wonderful and nothing was forgotten in the way of extending courtesy.

Aside from the social and pleasure features, the delegates told how a serious tone dominated the session. The delegates all seemed to recognize that the purpose of the Kiwanis organization is to benefit the several communities in which the various clubs are organized.

The attendance prizes for the week went to Dr. F. A. Norris and Hugh Breeden. Denham Harney was one of the guests of the day.

Mrs. May Moore of Girard called on Jacksonville friends yesterday.

## A Good Hop Flavored Malt Extract is a Wonderful Thing

IF it is made out of choice malt barley it has wonderful  
nourishment for every use. If fresh pressed Bohemian  
Hops are used, it has a wonderful flavor.

But if it is adulterated with cheap corn and flavored with  
old, loose hops, it is of no use for any use.

So when somebody tries to sell you a Hop Flavored malt  
Sugar Syrup cheaper than the actual price of the barley  
and the hops that go into it, you can know that the choicest  
barley and the imported hops haven't gone into it.

Puritan Hop Flavored Malt Extract is the richest malt  
extract made because it is the product of the choicest  
barley grown and is flavored with imported Bohemian  
hops.

People evidently know this because there is a bigger  
demand for Puritan than all other malt extracts com-  
bined. So, when you are buying malt extract, be sure and  
ask for and demand

## YOUNG WOMAN HELD AT DETROIT

DETROIT, Mich., July 13.—A  
young woman who gave her name  
as Lucille Johnson and said her  
home was in Harrisburg, Miss.,  
was detained by police today in  
the investigation of the finding of  
an infant, abandoned in a vacant  
lot last night.

The woman 22 years of age, ad-  
mitted, police asserted, that she  
was the mother of the child, which  
she said was born at St. Louis  
June 16. The child's father, po-  
lice say she declared, was a prom-  
inent St. Louis man. She had aban-  
doned the baby because she feared  
she would not be able to pro-  
vide for it.

Police are checking up on the  
woman's story, having found the  
name she gave them did not cor-  
respond to initials on the expen-  
sive layette found in a handbag  
beside the baby.

## MAKING EFFORT TO IMPROVE SEED

EUREKA, Ill.—In an effort to  
improve the quality of seed used  
by Woodford county farmers, the  
farm bureau of that county re-  
cently established a Seed Associa-  
tion. Forty-six samples of red  
clover seed collected by the as-  
sociation in the county were sent  
to the University of Illinois for  
germination test, resulting in the  
discovery that not more than 90.5  
percent of the samples, contain-  
ing seed purchased in the open  
market and not thru the assoc-  
iation would grow. Samples of  
seed sold by the association show-  
ed a germination test of 96 per-  
cent. The seed association has  
well equipped seed mill which  
eliminates weed seed.

## Did He Kidnap Bielaski?

A. Bruce Bielaski, former U. S. secret service agent, has identified  
this photograph of Gil Fieras as the man he says abducted him in  
Mexico. When Bielaski confronts Fieras, now held in jail, it will be  
decided whether Bielaski really was kidnaped, as he says, or whether the  
affair was "framed," as some Mexican officials charge.

## SCIENTIST MAKES WATER RUN UP HILL

LONDON.—(By the Associated  
Press.)—A water lifting appara-  
tus which seems to flout the nat-  
ural law that water cannot run  
uphill, and by which the tre-  
mendous energy of the rising  
tides may be harnessed for use by  
man, is an invention of Thomas  
G. Allen, graduate of Washington  
University, St. Louis, and now a  
British subject. The "Hydrau-  
mat" as the apparatus is called,  
is the result of two years of ex-  
periments. A working model has  
been viewed by score of engineers  
some of whom have been baffled  
by the simplicity of the cycle of  
operation. It has lifted water  
20 feet above the river level.

The hydraumat is designed  
to raise water in any quantity  
from a running stream to any de-  
sired height without the use of  
standard equipment such as  
pumps, rams or water-wheels.  
The apparatus harnesses two  
natural sources of energy, the  
weight of a column of water and  
atmospheric pressure. By means  
of a series of tanks, one above  
the other, and a sluice-gate,  
which alternately brings suction  
and pressure forces into play, 80  
per cent of the energy of the  
pressure water being used is ob-  
tained. The height required is  
reached by carrying the series of  
tanks, alternating open and  
closed chambers, together with  
air conducting pipes, to the de-  
sired height.

It is believed there is unlim-  
ited scope for the hydraumat on  
streams where hydraulic power  
developments are not feasible be-  
cause of the small amount of fall.  
One of the first applications is ex-  
pected to be on irrigation pro-  
jects.

In a broad sense, according to  
the inventor, the purpose of the  
hydraumat is to convert the  
contained energy of large quan-  
tities of water at a low head into  
that of a smaller quantity of  
water at a high head, or to com-  
pel a stream to hoist part of  
itself up over the land for com-  
mercial or agricultural purposes.  
The principal is fixed; the appli-  
cation is to be determined by  
local requirements.

World patent rights have  
been issued. It appears that in  
the world's inventive records the  
principle of the hydraumat has  
been remotely approached, but  
never attained.

## ENGLAND MOVES TO PROTECT HOMES

LONDON.—(By the Associated  
Press.)—The movement in Eng-  
land to protect the family from  
the inroads of the "passionate af-  
finity" and the "canker of free  
love" will find expression next  
October in an international con-  
ference which will seek to re-  
establish the family and the home  
as the sole basis of national wel-  
fare. A simultaneous appeal will  
be made to church in the United  
States and Britain for the pur-  
sue of this ideal. Eminent  
public men, doctors and religious  
leaders are joining in a great  
movement for the destruction of  
conditions which they say are  
eating away the moral fibre of  
England.

Edward Shortt, Home Sec-  
retary; H. A. L. Fisher, Minister of  
Education; Lord Robert Cecil,  
member of Parliament; the Arch-  
bishop of Wales; Sir R. Baden  
Powell, founder of the Boy  
Scouts; Sir James Crichton-  
Browne, the famous medical au-  
thority; Lady Rhonda, the well  
known social reformer, and Rev.

F. B. Meyer, the Chief Rabbi, are  
among the leaders.

"The old moral landmarks are  
becoming submerged," says Sir  
James Marchmont, General Sec-  
retary of the Congress. "The  
most obvious symptom of the de-  
cay of moral responsibility is  
seen in the widespread irregu-  
larity of sex-relations. The whole  
idea of restraint and temperance  
is rejected. A still graver danger  
is that the responsibilities of  
parenthood are being evaded. So-  
cial morality has scarcely entered  
into the minds of the multitude.

influence in the home, the na-  
ture of child life, and the tone

## An Interesting Old Book

There is on the desk at the Journal office a very interesting old time book dating back to 1835. It is six inches wide and seven inches long, substantially bound in leather and well preserved. It is the tax book of the county showing the assessments against lands. In it are many names familiar to elderly persons of the city and some that even are known today. It will be seen that the county was managed then on small amounts for wants were few and money woefully hard to obtain.

The valuation is not given but the tax is extended and the land described. For instance Christopher Ashbaugh had 80 acres in 8-13-8 and the county tax was \$1.20 and the road tax, 30 cents. There are in the book 183 pages of these entries like the one described above. There are thirteen lines to a page but many pages do not have a name on each line, some persons owning several tracts of land. Among the names recorded and the tax are John Arnold, 80 acres 22-14-8; the tax \$1.50. Elijah Adams 50 acres, 26-16-9, total tax 94 cents. He also owned two other tracts, 32 acres, 35-16-9, tax total 71 cents and 80 acres 34-14-10, \$3.15.

In this connection it might be well to explain how land is described according to boundaries. Two lines are arbitrarily established, one north and south and one east and west, six miles from each line is a unit. Our county is north and west of these lines. We begin at the southeast boundary with 13 going up to 14, 15 and 16, the north line. We begin at the northeast with 8 and go westward to 16 at Mercedosa. The surface of the county is divided into townships, each 36

miles square or parts thereof. These townships are divided into 36 mile square sections, 640 acres. Beginning at the northeast corner we have one and go westward to six. Immediately below that we have seven going back eastward to 12; then back westward to 18 and so on. These sections are also subdivided as often as owners desire, as the south 1-2 of the west 1-4 of the southeast 1-4 of section 10, town ship 15-10. Accordingly Waverly is in 12 north and 8 west; Nortonville, 13-9; Murrayville, 13-10; Franklin 14-9; Woodson 14-10; Lynnville 14-11; Alexander 15-8; Orleans 15-8; Arnold, 15-9; Jacksonville 15-10; Markham 15-11; Chapin 15-12; Sinclair 16-9; Litterberry 16-10; Mercedosa 16-12.

For instance a description might read, east half, southeast quarter, southwest quarter 12-15-10. Begin backward to locate. Ten would mean east, 15 north which would locate the township and 12 would mean the number of the section in the township. The northeast quarter 160 acres, had forty acres taken from its southeast corner and the piece sold would mean the east half of that forty acres.

Familiar names are John Angelo, 40 acres 18-14-10, tax 75 cents and 80 acres 14-14-11 tax \$2.25. Thomas Allison owned seven tracts all in 14 and 15, 11; Adam Allison owned seven tracts all in 15-11. Thomas Akers, Philip Ausmus, Francis Arenz, Elijah Ash, Thomas Samuel, Benjamin and John Allen, Richard Anrobus, Philip Boulware, Shelby Burch, Benjamin Buchanan, Isaac W. Bull, Bedford Brown, Samuel Brockman, John Butler, Nathaniel Blizant, Thomas Boyce, Peyton Brown, Jacob Beaton, Jonathan Becraft, Aquilla Becraft, Richard Bibb, Charles Beggs owned several tracts in 15-10; then Thomas Black and John H. Barton Babb owned several tracts in 17-10 and 18-11 and Samuel Black owned much in 18-11. It should be mentioned here that Cass county had not then been organized so that 18 north was in Morgan county while 16 is now the northern boundary.

## Fokker's Inventions

A. H. G. Fokker, who invented the airplanes used by Germany in the war, is demonstrating his new seaplane (below) to naval officials at Washington. Above he is operating his movie camera which requires no tripod.

tracts in 15-10 and 11; Rising Dewey had three in 15-11; Nimrod Dewese had seven in 15-11; James Deaton had three in 15-11; Coleman, William George and Achilles eatherage appear; Rice Duncan, John Devore in 16-10; Henry and Peter Edwards, George Isaac, John and David Epier, Thos. Edmondson, George, Jacob, osep and John Fanping, John, Robert and N. Fitzhugh, Nimrod Funk, John and William Filson; James Gibson, James Gibson, six tracts in 15-9; James Green, Stephen Green, William Gillham in 16-10 had several tracts, Jas. and Stephen Gorham, William, Joseph and Robert Gates, Equila Hall, Philip Nash, Jacob and Jacob Jr., Michael Hufaker, G. Martin, J. and William Hoagland; J. Hardin owns ten tracts. P. B. Price, Drury Pullman, George Petefish, Isaac Paschall, Susannah and Charles ratt, Alex Pitner, John Potts, John Peninger, 7 tracts; Jacob and Jonathan Rohrer, Jos., Samuel and Lewis R. Reynolds, Q. Pan dells, Isaac Reeve, Henry Routt, Sarah, George and Abe Reid, Rockwell, Lockwell and March have about 100 lots recorded and the total tax was \$3.00. Abel Richardson, John and Presley Rucker, D. G. Rudisill, John Amos Rector, J. B. Ranson, Austin, William and James Simms, William Stephenson, John Ashurt, Mary Smiths, Thomas and N. Stout, John Samples, Daniel Smed ly, Matt Stacy, Levi Springer, John Sargent, Jacob Strawn, nearly 1000 acres in 15 and 16-11; Thomas wies, Elliott Stevenson, Joshua Sprague, John and James Scott, John Sheppard, Tannet and Sattler, John Turner, Samuel Trotter, C. L. Timberlake, George Tureman, Abner Turner, John D. Edwards and William Turner, William Thomas, John Ranner, Jason Joel, Hiram and Abner VanWinkle, David Vankundy, Vasey and Wiseman, Thomas Wright, William and Thomas Woods, James, Abner, Reuben Wright, John Wyatt, John Whitlock, Elihu Wolcott, Aaron Wilson, Thomas Wiswell, Alex Wells, John O. Yates.

Of course the foregoing list of names is but a small part of the whole. The effort was to select those that seemed to be most familiar. The total county tax was \$2527.19 and the road tax \$639.13. Jacob Strawn was one of the heaviest payers, his tax being \$17.52 and \$6.38, respectively. Road tax went as low as two cents and county to seven cents. Following the record of county lands was a long list of lands in other counties and military lands. Of these Joseph Duncan owned a number of tracts. Also Elihu Wolcott, Joel Catlin and there is an entry November 18, 1835 signed by William Orear that Joel Catlin paid him \$91.20 in full of tax due. Thomas Law was a very extensive owner of these lands. Joseph Duncan owned 210 tracts in several counties and amounting to many thousand acres. His total tax paid was \$1009.46.

The delinquent list for 1834 contained a pretty good number of names as Joseph Duncan owned a number of tracts. Also Elihu Wolcott, Joel Catlin and there is an entry November 18, 1835 signed by William Orear that Joel Catlin paid him \$91.20 in full of tax due. Thomas Law was a very extensive owner of these lands. Joseph Duncan owned 210 tracts in several counties and amounting to many thousand acres. His total tax paid was \$1009.46.

The entire volume is an interesting piece of Morgan county history and will be more valuable as the years go by.

Mrs. Sarah Rife and Pauline Tull left yesterday for Shelbyville to attend the Epworth League institute which will be in session until July 19.

## The Dort

The Easiest Handled Car on the Market Today, Lowest Upkeep, Least Trouble

The India Temple of Shriners of Oklahoma City are proud of their band, patrol, chanters and all the other possessions of Shrinedom, but of these nothing is dearer to the hearts of the Nobles than the esteem in which they hold an intrepid girl driver who, though only 18 years old, piloted a Dort automobile party in the motor caravan more than 1800 miles over mountains and deserts in the pilgrimage to the Shrine Mecca in San Francisco.

The girl is Miss Helen Voss, who drove every mile of the distance, bringing her father and mother and young brother.

Miss Voss in her Dort was one of a caravan of 200 motorists that left Oklahoma City, May 21, shortly after her graduation from High School. Sturdy male drivers looked askance at the young woman and explained the hardships and difficulties they believed she would encounter, urging that she let the job of piloting the car fall to the lot of a man.

"I know the Dort and can handle it with such ease that the trip will be nothing at all," said the girl, and she demonstrated that she knew whereof she spoke, because aside from a little tire trouble early in the trip the party went through without an unhappy incident so far as the machine was concerned.

While crossing the New Mexican desert the entire party was held up by a band of cowboys, who turned out to be a welcoming party in disguise. This was one of the most thrilling experiences on the trip.

## Cooks and Operates Like a Gas Range Makes Gas from Kerosene

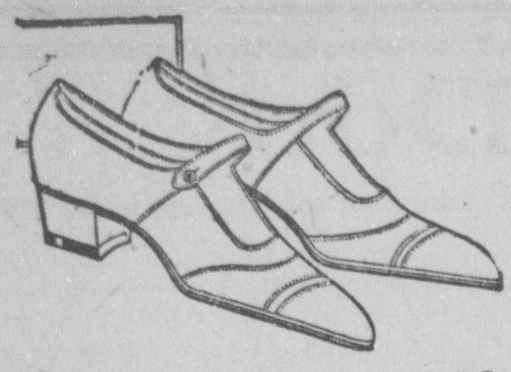

Note the features. Really more of a Gas Range than an Oil Stove, is the Alcazar Kerosene Gas Cook. This stove does not burn oil off the wick as does the ordinary oil stove. The Alcazar burner mixes air with the kerosene and makes a gas. You burn the gas, not the oil. The gas makes a powerful blue flame which is concentrated directly on the cooking vessel where it is needed. The heat is not spread and partially lost as with the ordinary Oil or Coal Stove. It

all goes for cooking and baking. This means your cooking done quicker and less oil consumed. Also a cool kitchen in hot weather. Burning gas instead of oil insures a clean, sweet kitchen and a clean stove and pleasant cooking. You'll save money instead of burning it when you have the Alcazar Kerosene Gas Cook. You'll lighten your cooking tasks too and make things easier for yourself. Let us show you this stove. Note how well it is made—"A Beauty," you will say.

**WOMAN DIES AS RESULT OF FALL**

Mrs. Martha Bowen, Patient at State Hospital Dies From Shock Resulting From Fall—Coroner Rose Held Inquest.

Mrs. Martha Bowen, a patient of Jacksonville State hospital, died yesterday as a result of an accident suffered Tuesday. On Tuesday, Mrs. Bowen had fallen on a concrete walk and fractured her shoulder. Mrs. Bowen was 57 years old. She was a native of Pike county and had been at the hospital since 1917. A jury was empaneled by Coroner Charles Rose and returned a verdict that Mrs. Bowen had come to her death by shock as the result of a fractured shoulder, old age adding to the complications.

The jury was as follows: T. S. Martin, foreman; Wallace Gibbs, clerk; Hamer Cully, E. E. Hatfield, R. D. Megginson and Fred Davey.

In another column of this paper will be found a notice from Chief of Police Kiloran, requesting all automobile drivers and drivers of other vehicles to not park in the public square before the A. G. Barnes Circus makes its parade. There will be immense crowds in the business district and especially in the square during the hour of the parade. In order to make it easier for the parade to pass and to lessen the danger of accidents it is desired that no vehicles be parked in the square until after the parade.

**OIL OPERATOR RETURNS HOME**

P. C. Irwin Goes to Home in Iowa, Kansas—Has Secured Oil Leases in This County.

P. C. Irwin of Iowa, Kansas, is to return to his home today after spending several weeks in Morgan county. Mr. Irwin is an experienced oil operator and has secured leases on a number of Morgan county tracts. He will return to the county in the course of a few weeks, bringing drilling equipment with him and expects to give a thorough test in this locality.

The visitor and his associates are men who have been in the oil business for a period of years and know just what they are doing. Mr. Irwin said yesterday that he and his associates are willing to spend \$100,000 in the sinking of wells here, as they firmly believe from a survey of the land and knowledge of the wells put down eleven years ago, that oil and gas can be found here in paying quantities.

Several years ago Norman Dewese went with Mr. Irwin to inspect a Kansas oil field. At that time Mr. Dewese tried to interest Mr. Irwin in Morgan county but was unable to do so. This year, however, he had better luck and Mr. Irwin came in the latter part of June. Since that time with the co-operation of Mr. Dewese the Kansas man has secured leases on a considerable tract of land northeast of Jacksonville.

As indicated, Mr. Irwin will return to Iowa today and it is his intention to immediately begin the loading of one or more rigs for the test work here. Mr. Irwin will come to Morgan county well recommended and is asking nothing from people here other than the leasing of land on the customary terms. He is ready to put in his money and his faith that the Morgan county field can be developed in a profitable way.

Mr. Irwin has made some study of geology but will have the services of a geologist whom he is to bring here before he begins actual drilling operations. Mr. Irwin is not associated with the operators who were mentioned in a previous article.

**CHAPIN S. S. CLASS IN REGULAR MEETING**

Gleaners of Christian Church S. S. Met at Home of Mrs. Ollie Fisher—Other News From Chapin.

CHAPIN, July 13—The regular monthly meeting of the Gleaners of the Christian church Sunday school was held at the home of Mrs. Ollie Fisher on Tuesday afternoon. Twenty five members answered to roll call by naming a book of the old testament. The program was opened by singing America. The scripture lesson was read by Mrs. F. M. Roberts, followed by prayer by Mrs. Lattie Eilers. After the business session a duet by Mrs. Edith Harris and Mrs. Adelaide Brockhouse, "Beneath the Cross of Jesus," was enjoyed. The program closed by repeating Mizpah. During the social hour a five act play entitled "How the Story Grew," was given. The following was the cast of characters:

Mrs. Green—Mrs. Edith Harris. Mrs. Rice—Mrs. Marie Blair. Mrs. Bean—Mrs. Dena Rice. Mrs. Brown—Mrs. Mary Smith. Mrs. Dolittle—Mrs. Ollie Fisher.

Mrs. White—Mrs. Adelaide Brockhouse. Mrs. Taylor—Mrs. George McDaniel.

Mrs. Snow—Mrs. F. M. Roberts. Miss Mary Anderson met with a painful accident Monday when her left hand was caught in the wringer of a power washing machine. Fortunately no bones were broken but the hand was painfully torn and bruised. The accident might have been worse but for the presence of mind of her sister Martha who quickly stopped the engine and assisted in releasing the injured hand.

Ice cream and cake will be served on the Christian church lawn Saturday evening, July 15th under the auspices of the Junior Christian Endeavor society.

Rev. and Mrs. O. W. Lough and children enjoyed they had Thursday at the home of Mr. and Mrs. L. H. Calloway.

Mr. and Mrs. Harry Onken entertained at a family supper party Wednesday evening, Mr. and Mrs. O. H. Coultas and Miss Natalie Coultas of Epora, Mr. and Mrs. Edgar Watkins and Miss Barbara Watkins of Petersburg and John Onken and Miss Amy Onken of Chapin.

Mr. and Mrs. C. F. Duckett and Mrs. Sarah Sullins attended the bridge opening celebration at Mercedosa Wednesday.

**CIRCUS TO ARRIVE OVER C. B. & Q.**

The A. B. Barnes circus is scheduled to arrive at an early hour this morning over the Burlington, coming from Canton. The tent for the big wild animal show and circus will be pitched in the Stout pasture fronting on Independence avenue. The grounds can be reached by Church and West streets. The parade is scheduled to move thru the business district at 10:30.

**CHAUTAUQUA PROGRAM HAS BEEN OUTLINED**

Programs For the 11th Annual Chautauqua Ready for Distribution—Begins August 1 and Continues Thru August 20.

In the course of a few days the programs for the 11th annual Jacksonville chautauqua will be ready for distribution. A glance at the program, which begins Friday, August 11 and continues thru Sunday, Aug. 20, affords proof that the chautauqua of 1922 will measure up with the chautauqua events of previous years.

The platform manager will be Dr. Charles Gage, who made such an excellent record here last year. The officers and directors of the Jacksonville Chautauqua Association are:

Frank J. Heintz, President; J. W. Merrigan, Vice-President; A. C. Rice, Secretary; V. R. Riley, Treasurer; J. E. Osborne, Carl H. Weber, Charles H. Gibbs, W. E. Spoons, William A. Fay.

## BARNES CIRCUS IN JACKSONVILLE TODAY

Parade Will Move Promptly at 10:30 O'clock—Show Grounds On Stout Property—Reached By Church and West Streets.

The green eyed monster is here in multiple today, pair upon pair of green eyes, but it's not the bogey of jealousy they represent, for they belong to the hundreds of jungle creatures with the A. G. Barnes circus—educated, contented wild animals, all of them. They, with the elephants, the grinning clowns, the barge-like, boredly yawning hippopotamus, the "walking gentleman and ladies"—dromedaries, camels, yaks, bison, llamas, zebras and gnus—the giant Tusko, largest living creature, a foot taller than Jumbo, and the spangled folk steamed into the city on the Barnes special trains with the dawn. And, while the small boys and hundreds of oldsters were still absorbed in the unloading, thirteen acres of canvas were blowing into taunt silhouette against

the skyline at the Stout lot on North Church street.

The A. G. Barnes street parade, with its scores of open cages, its six bands, its two calliopes, its new and attractive tableaux floats, its mounted sections of pretty girls, its teams of wild animals, its clown units and hundreds of beautiful horses, will leave the lot in time to reach the heart of the business section at 10:30 A. M., and much, indeed, is promised "for to see for to admire."

The performances, opening at 2 and 8 P. M., with the latest version of "Alice in Wonderland" the famous fairyland fantasy, with its 1080 people, its 550 horses and its 1200 educated wild animals, will be presented in three steel arenas, two rings, on two stages and in the hippodrome track of the twice larger big top, which, by the way, is one of the largest ever built. There are 110 wild and domestic animal displays in the program this year, the biggest and the best groups of jungle creatures ever performed. Thrill after thrill, laugh after laugh, and all that will be among them present—if you know what we mean. But "the show that's different" will be one huge, pleasant surprise for you and me this year, which is not so extravagant a statement, when it is recalled that it is the A. G. Barnes circus we're talking about.

Appointed to Make Said Assessment.

## MAY SOON CUT OFF ALL FREIGHT TRAINS

Crisis Drawing Near in Railroad Strike—Coal Situation Also is Bad.

The crisis in freight traffic is steadily growing worse and it is believed that it will soon be necessary to cut off all trains carrying freight. The Wabash Railroad is now running but one local freight each day to handle necessary commodities for its own coal and repair deliveries. The coal problem is at a critical stage as it is almost impossible to get deliveries thru from the field even if the cars could be loaded.

The local situation is as critical as any in the country because practically all trains that pass thru the city are dependent upon the shops at Bluffs for a change of engines and a coal supply. Every man, with the exception of four loyal officials walked out at this place Wednesday leaving it practically deserted. The Wabash freight trains are making their runs simply by bull dog determination of a few loyal employees and just how long they can keep the pace is a question.

### SUNOCO DRIVE

In this paper is appearing advertising on Sunoco Motor Oil has an important link in the chain of a drive to tell automobile, truck, tractor and gas engine owners about this better lubricator.

The backbone of the campaign is full page advertisements in national magazines such as the Saturday Evening Post. Next comes the use of news papers in solidifying that advertising and bringing it closer to the automobile owners here at home. Another important link is the use of billboards and the final step is the displaying of Sunoco signs on the local dealer's stores.

With these four steps in an advertising campaign working together, one can readily see how an active demand is created for a worthy product. Sunoco Motor Oil is meeting with the full approval of these automobile owners who take pride in keeping their cars up to tip top condition. It is making rapid strides in the approval of all motor car owners acquainted with its better quality. It is a good oil that can be safely used by all who have anything to do with internal combustion engines.

### CURED BY A NATIVE HERB

On board a vessel bound for India recently a man was bitten by a poisonous reptile; both the ship doctor and a famous surgeon failed to control the poison fast spreading through his system.

In a day the vessel reached port. An Indian medicine man was sent for, who produced a native herb which quickly allayed the poison and the man's life was saved.

Roots and herbs are nature's assistants in combating diseases. That well-known medicine for ailments peculiar to women, Lydia E. Pinkham's Vegetable Compound, is prepared from roots and herbs, possessing medicinal properties of great value in the treatment of such ailments.

This is proved by letters of recommendation we are continually publishing in this paper for it.—Adv.

**DON'T SQUEEZE BLACK-HEADS—DISSOLVE THEM**

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calomel powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.

**NOTED KENTUCKY TOAST LEADS TO PRETTY CIRCUS EQUINE ACT**

In the days when gentlemen of Kentucky rose to give their commonwealth toast concerning "fast horses and beautiful women" in bourbon, Al G. Barnes, whose big Wild Animal Circus comes to JACKSONVILLE, FRIDAY, JULY 14th took a tip from the bluegrass. "Some day," he told himself, "I'll have an act with more handsome horses and beautiful women in it than has ever been dreamed possible by American circus owners."

Well, the Kentucky bourbon is gone—officially—but Mr. Barnes has his act—one hundred pretty girls and one hundred handsome horses, dancing horses, and they present in the three steel arenas, the three rings and the hippodrome track of the Al G. Barnes big top, the now famous equine ballet. All the horses really step with the music of the big show band, and the girls dismount and dance with them. It's been termed "The Act Beautiful" on the hoardings, and it is one circus act that more than lives up to its billing.

**COMMITTEE NAMED FOR ANNUAL DOLLAR DAY**

Will Meet This Morning to Work Out Plans for Big Bargain Event—Personnel of Committee

The committee to have in charge the starting of Jacksonville's second annual Dollar Day has been announced by President C. J. Buhner of the Commercial Division of the Chamber of Commerce as follows: Frank Plouer, chairman; William Floeth Jr., William Deutsch, G. B. Andre, Martin Cosgriff, P. V. Coover, L. L. Horen, James I. Graham, C. E. Hudgin, J. C. Lukeman, J. L. O'Brien, S. E. Bergschneider, Pat J. Shanahan, Herbert L. Smith, Edward Wainwright, G. W. Vasconcellos, H. J. Smith, A. R. Taylor.

This committee will meet at 9:30 o'clock at the Chamber of Commerce this morning to work out plans for making the second big bargain event even larger and better than the one held last November.

It is generally agreed that the first Dollar Day was the greatest trading day ever held in this city but the executive board desires this one to excel if possible the first.

The exact date of the event will be announced after the committee has been organized.

### TAFT WINS LOVE OF ENGLISH PEOPLE

By Associated Press.  
LONDON, July 8.—Few Americans ever had a spontaneous greeting or such affectionate farewell at the hands of the British as Chief Justice Taft has just received. The genial ex-president of the U. S., captivated all hearts during his three weeks' stay here by his joviality, his kindness and his unaffected manner.

The Britons, who are accustomed to regard their own public men in high places with something akin to awe, were frankly surprised to find the former head of one hundred million people so modest, democratic and approachable, and Mrs. Taft came in for a large share of their admiration.

The chief justice surpassed his own white house record in speech making, banqueting and public receptions. During his twenty days here he was the guest of honor at 19 dinners, 17 luncheons and 31 receptions. He officiated at one christening, attended one golden wedding, dined with the King, danced with the Queen, met all of official England and thousands of other people and was made an honorary member of the British bench and bar.

# NEWS OF THE SPORT WORLD

## QUALIFYING ROUNDS IN NATIONAL GOLF TOURNEY FINISHED

Seventy Nine Players Start in Championship Finals Today

GLENCOE, Ill., July 13—The qualifying rounds in the national open golf tournament ended tonight and tomorrow 79 players, many of them champions, will start 72 hole finals, for the American championship.

Officially, the winner will be champion of the United States, but in the minds of many he will be considered holder of the world's golf title, for victory will be obtained only thru defeat of champion club swingers from all golfing sections of the world.

Twenty four men won their way into the finals in today's qualifying round. Robert Mac Donald, the long driving Chicago professional, leading the field with a score of 72-71-143, the score necessary to qualify again being 152. All of the better known stars qualified excepted A. A. Armour, Scottish amateur title holder, and Freddie McLeod, the Washington D. C. professional, who formerly held the open championship.

Four amateurs were in the lists of today's successes. Willie Hunter former British champion leading the way among the non-professionals with a score of 75-70-145, while Harrison R. Johnston, St. Paul, took three strokes more. Dewey Weber, Chicago, also 148, and William Rautenbusch, another Chicagoan, were the other amateurs to qualify, making the total for the three days 13.

For a time today it looked as if high scores would get by, but gradually the totals became low-

er until it was found there were 17 men under the 150 mark, where only 13 Monday and Tuesday Willie Hunter spoiled the hopes of the players with 153 and 154 when he shot the afternoon round in par 70, his 145 total being all that was necessary to push out those beyond 152.

Bob MacDonald in leading the field played an exceptionally good game, at three being on the verge of brilliancy, but at others falling down on opportunities to break a par total. His driving was the best seen here in many a day, not even barring Abe Mitchell's. Time after time he sent the ball sailing down the fairways for a 290-300 yard carry out but for the soft fairways, which held up the rolls, he would have made some record breaking tee shots. The best part of Bob's driving was that he sent them straight. It was on the greens that MacDonald got into most of his trouble.

MacDonald paired with Pat O'Hara of Richmond county, N. Y., drew the biggest gallery, their playing deserved it. O'Hara, after some very bad holes in the morning and early afternoon pulled himself together with some great putting—putting having been his weakness at the start—and ended with 147. Four of the qualifiers turned in par seventies in one of their rounds, the quarter being Ned McKenna, of Rochester, N. Y.; Willie Hunter, George Kerrigan of White Beeches, N. J., and P. O. Hart of Marietta, O.

Hart's work in the afternoon was remarkable for he had taken 82—12 over par in the morning—and seemed hopelessly out of the running. In the first afternoon nine he had a six on a five hole and a five on a four hole, which with other bad luck, gave him 37 against 34. Then he made the last nine in 33 three strokes less than perfect figures, totalling 70 for the 18 and 152 for the 36—exactly few enough to qualify. His afternoon card

showed he played six of the holes in 17 strokes, an average of less than three to the hole, while 15 holes were made in 53 club swings, an average of a fraction more than four.

Eddie Towns, of Shannopin, Pa., brought in a 71 in the morning and handed the card to the score keeper without telling any one he had made the 180 yard thirteen hole in one. It was only when the card was being copied on the bulletin board that it became known. The ball went into the cup on the fly, lodging between the cup side and the pin.

This is the first time a hole has been made in one in an American open tournament.

Willie Hunter was one of the surprises of the day. In practice rounds he has had bad luck, most of his cards totalling around 77 and 78. When he went out in 75 this morning there were many who wondered if he would go thru, but he gave a wonderful exhibition in the afternoon, scoring a par 70 for a 145 total which threw him into a tie for second place today with Towns, McKenna and William Mehlhorn, Shreveport, La., professional.

**Who Qualified**

Following are the names and scores of the scores of the players who qualified today for the finals tomorrow and Saturday in the National open golf tournament.

The word should have been "roar"—in fact the Press boys roared from start to finish. If they would devote as much time to the art of baseball as they do to disputing decisions their game would be improved a hundred per cent.

There are no grounds for protesting the game whatever. There is no baseball rule involved—they simply take exception to the umpire's decision on a close play and why ask Mr. Frommel to waste his valuable time if they are going to run the game to suit themselves anyway.

Mr. Frommel has had many close decisions to make during the season and everyone concedes that he has been square at all times. The writer is sure that all the other players on the different teams will join with him in expressing their appreciation of his services which he so kindly volunteered.

The final score was 5 to 2 in Eli's favor and will stand.

Respectfully submitted,  
M. J. Dickman.

## PETER COLEY WINS MAUMEE 2:05 TROT

Noses Out Favorite Nedda In Last Two Heats—Other Results.

TOLEDO, Ohio, July 13.—Peter Coley, A. E. Dorsey's Findlay, Ohio, gelding with Harry Stokes driving, won the Maumee 2:05 trot, feature event of the Grand Circuit card here today, by nosing out Nedda, the favorite in the last two heats.

In the first heat Nedda overtook the field at the quarter post after a bad start and pulled away for a length within a head of Kilowatts and L. Colorado. Peter Coley broke badly at the stretch and finished a poor fourth.

Nedda trotted a great race in the second heat after getting away fully four lengths behind the others at the flag. Peter Coley won by a nose from the fast stepping favorite but Nedda went the fastest mile of the year separately timed, completing the circuit in 2:02 3-4. The little mare made the last half in 59 seconds, the fastest half of the year.

In the final heat Driver Fleming held Nedda for a stretch finish but the mare was unable to overtake the Findlay gelding and finished second.

Four heats were necessary to decide the 2:10 pace which was won by Parker Boy.

"Pop" Geers won his first race at Fort Miami and the second of the season when he piloted Noble Argot to a victory in the second heat in the turkey foot 2:17 trot. In the second heat Noble Argot paid \$66.50 on a \$2 ticket.

The 2:14 trot went four heats before it was finally won by Holly Rood Hilda.

## AMATEURS PLAY GAME IN 58 MINUTES

Siloam Springs, Ark. July 13—What is believed to be a new record for amateur baseball was set here today when Siloam Springs and Springdale played a nine inning game in 58 minutes, the locals winning the contest, 2 to 0.

Wright, local pitcher, hurled a no hit no run game and Johnson visiting twirler, allowed only two bingles.

## CHICAGO WINS FROM GIANTS IN NINTH

Stage Batting Rally In Twelfth Inning and Put Over Winning Run—Aldridge Holds Leaders to Five Hits.

Chicago, July 13.—Chicago staged a batting rally in the 12th inning and defeated New York, 5 to 4. The Giants lost the services of Heinie Groh who returned to the lineup today, when he injured his knee in attempting to field a bunt by O'Farrell in the 12th inning. Groh turned the same knee and had to be carried off the field. It was said it may be some time before he will be able to resume his old position again.

New York got the jump when Groh goes a freak home run in the third which sent two runners in ahead of him. He hit down the third base line and the ball rolled under the fence. Chicago played an uphill battle behind Aldridge's good pitching and tied the count in the ninth. The score:

M. J. Dickman of the Eli Team Makes Reply to Story of Game—Says Press Team Has No Grounds for Protest.

M. J. Dickman of the Eli Company team makes reply to the story of the Press-Elit game which appeared in the Journal Thursday morning. Mr. Dickman says the Press has no grounds whatever, for protest. The Journal story and Mr. Dickman's reply are given hereunder.

**ROW ENDS TWILIGHT**

GAME LAST NIGHT

"The Twilight League game ended between the Press and Eli teams ended in a row Wednesday evening. The Press team claimed that rulings of the umpire were unfair and will protest the game."

The above is the account of the Twilight League game between the Press and Eli Bridge teams Wednesday evening which was furnished the Journal by the hard losing Press bunch.

The game did not end in a row. This was simply a typographical error—it takes two to make a row.

## Jack Dempsey Will 'Warm Up' For Wills

By Bob Dorman

New York—Jack Dempsey is not going to risk his title against the "Black Panther" without a little exercise.

Jack has been idle since his match with Carpentier a year ago and feels that he needs a fight or two under his belt before he takes on any such dangerous propositions as Harry Wills promises to be.

Billy Miske is reported to be the first victim.

Maybe Greb

Bill and Jack have mixed it before, in 1918, in two no-decision bouts of 10 and 6 rounds, respectively.

And then Dempsey came along in 1920 and kicked him for a

Betting Greb Will Stay

The fans of the "Smoky City" are wild over the pugilistic plum to be offered for their digestion and many are willing to go the limit with bets that Greb will be in the ring at the end of 10 rounds.

Jess Willard also is considered as a prospective opponent.

Big Jess, weighing 285 pounds has gone into heavy training on the Pacific coast with the hope of luring Jack into a return match.

Meanwhile Harry Wills is "jes" willing.

Jack Dempsey (center), Jess Willard (upper left), Harry Greb (lower left) and Bill Brennan (right.)

row of water buckets in three rounds for \$55,000.

Harry Greb, the "Pittsburgh Wild Cat," will be the next opponent, according to the plans.

The melee will be held in Pittsburgh, Harry's home town, about July 22, and will be 10 rounds, no decision.

## STOCK MARKET

## WAS IRREGULAR

By Associated Press.  
 NEW YORK, July 13.—The  
 stock market was irregular and  
 unsettled in spots today despite  
 new factors of an "encouraging  
 character, chief among which  
 was the lowest quotation on call  
 loans since the latter part of  
 June.

Cumulative evidence of world  
 wide monetary ease was found in  
 another reduction of the Bank  
 of England discount rate to 3  
 per cent. This is the lowest figure  
 for this form of accommodation  
 at the British Metropolis since  
 January, 1914.

Advices from Washington at-  
 tributed to Treasury officials  
 promptly dispelled the idea of  
 any further cut in federal reserve  
 discounts and advances. Sec-  
 retary Mellon was quoted in po-  
 sition to such action on the  
 ground that it might "stimulate  
 speculation."

Olds were the vulnerable fea-  
 ture of the day's moderate and  
 professional operations. Shorts  
 evidently taking a hand in the  
 depreciation of those issues. Sales  
 amounted to 500,000 shares.

The open rate for call money  
 was 3½ per cent until the final  
 half hour, when plenty of money  
 was offered at 3 per cent. Time  
 funds were quoted unaltered  
 on private loans for 30 and 60  
 days. They were reported at 4 per  
 cent.

Business in foreign exchanges  
 was light, except for sterling and  
 French francs, the former being  
 in demand at the week's best  
 quotations, while francs were un-  
 der speculative pressure. The  
 German mark also yielded.

Liberties were the prominent  
 feature of the bond market com-  
 ing forward almost to the year's  
 best prices in the later dealings  
 after showing some hesitation.  
 Total bond sales (par value)  
 aggregated \$14,759,000.

The United States Railroad Labor Board, under authority of Federal Law, after full hearing to all parties at interest, has fixed present wages for mechanical crafts. Certain employees having declined to accept their decision, the Board has directed the railroad to reorganize its forces and has ordered that men who enter our service

"are within their rights in accepting such employment, that they are not strikebreakers seeking to impose the arbitrary will of an employer on employees; that they have the moral as well as the legal right to engage in such service of the American public to avoid interruption of indispensable railway transportation, and that they are entitled to the protection of every department and branch of the government, state and national." Standard wages and overtime conditions will be paid; hours to be those necessary for maintenance of the service. Board and lodging, under ample protection, will be furnished.

Young active men desiring to go into railroad service will be given an opportunity for training in steady desirable employment.

**PLAN HARD ROAD WORK IN GREENE COUNTY**

Agreement Reached Whereby Work Will Proceed—White Hall Memorial and Historical Association Organized.

White Hall, July 12.—Matters looking to the location of the state hard road over Apple creek are now approaching solution in a way that will not entail the delay occasioned by litigation over the Apple Creek Drainage District. A conference was held in the office of H. O. Tunison, attorney for the district, Tuesday afternoon and again Tuesday evening, at which the local committee in charge of road affairs thru White Hall township met W. J. Day, the drainage district engineer and Engineer Apple of the state highway commission.

At this conference it developed that two districts in the state are unable to obtain right of way for the state work to proceed, and that it is desired to divert this work to Greene county this year. A tentative plan was reached, for locating the state road in the creek bottom and bridging Apple creek, four miles south of White Hall, and another conference is being arranged with Col. Miller and Engineers Slaymaker and Sheets in Springfield during the next ten days for definitely fixing the location of the bridge over the drainage ditch of Apple Creek.

The local committee, Messrs. Ruckel, Pegram, Guy Lowenstein and A. H. Cain, has the support of Mr. Mansfield of the secretary of state's office, who was present at the White Hall conference, and who is now arranging for the Springfield conference. The net result is practical assurance that the road work in Greene county to couple up White Hall and Carrollton will proceed this fall. Mr. Ruckel, chairman of the local committee, is also county president of the Illinois Highway Improvement Association, a very influential organization in hard road affairs, as it was this association that put over the Illinois bond issue that makes the hard road work possible, in the campaign for which the territory under Mr. Ruckel recorded every voting precinct favorable to the bond issue.

**Organize Historical Society**  
The preliminary organization of the White Hall Historical and Memorial association has been effected, looking to the perfection of an organization that will promote the historical interests of the community in a way that will inspire all citizens, especially school pupils, with the achievements and the great characters that have formed a part of the population.

Much has been written and accumulated along the line of local history that engages intense interest among those who have come in touch with it, and with facilities in the new Griswold memorial library building for the display of an historical collection it is felt that the time is now propitious for launching the organization and setting to work to acquire a fund thru membership fees at two dollars per year for the purpose of acquiring manuscripts and other articles, connected with which there is more or less expense.

Peace Justice E. L. Wendell is temporary president, Raymond B. Pearce secretary, and C. A. Whiteside treasurer. The latter will exert his efforts to the realization of a fitting memorial in White Hall to the late Lieut. A. C. Edwards, whose memory has a national interest, and it is felt that merely a government military marker over his grave is not sufficient for one whose contribution to the literature of the World War makes him worthy of every consideration by his friends and by the people of the community that he regarded as home. All these matters will be discussed at a subsequent meeting. One suggestion is that Lieut. Edwards' posthumous letter to his mother be engraved on a plate for erection in the new library building.

Misses Cecil and Hazel Evans have returned from a visit with their brother, Rev. H. R. Evans, at Atterbury and other points, and the former has resumed duty as a telephone operator.

George McClure and family leave Saturday for Detroit, where they will visit Gilbert Christian and family. They will go by train and return in the new McClure car.

Mrs. Sophronia Thompson left this week to visit her son, Earl Thompson and family in New Jersey, stopping in Indiana enroute. Charles Clouder has returned to Memphis, Tenn., his stay with his parents having been prolonged a few days by illness.
